

PSP TECHNO ENGINEERS PVT.LTD

Total Automation Solution Provider

COMPANY PROFILE

ABOUT US

PSP Techno Engineers Pvt. Ltd came into existence on July 2009. The Organization was established with the objective of providing high quality automation, full turnkey solution and 24*7 service supports to the industries. Our services to customer involved design, supply, manufacturing, installation of Electrical Panels, A.C/ E.C.Drives, Soft Starter, Electric Motors, PLC, Scada, instrumentation (temperature/flow/pressure, sensor & meter), etc. Also, we provide site installation & commissioning support, software development, training & after sales support.

We are authorized channel partner of *Danfoss* for motion control products.

PSP Techno has grown exponentially since its inception. This has been possible due to highly versatile engineers who have proven experience. Our experience in a wide variety of industries provides us with unparalleled knowledge that enables us to undertake your tough design challenges.

PSP Techno believes in delivering quality product and service on time, at a competitive price and as per customer specifications. We believe in long term relationships and total customer satisfaction. Our main aim is to provide our clients “**Total Automation Solution**”, 24/7 service back up and to ensure clients satisfaction through service & after sales support.

We are a group specialized in the following activities: -

- * Sales, Services and Commissioning of Electrical Panels, AC/DC Drives, PLC, etc.
- * Design, Manufacturing & Installation of LT Panels, PCC, MCC, PDB, Capacitor Panel, Bus Ducts, AMF Panel, DG Panel, Synchronizing Panel, Meter Boards, etc.
- * Development of PLC program & it's connectivity to other automation product & BMS.
- * Electrical Consultation for entire project.
- * Repairing of A.C./D.C./Eddy Current Drives, PLC etc.

PRODUCT PORTFOLIO
